### *Definition and Examples of the Yes-No Question*

Yes no questions are a common target for speech therapy sessions because once a child can answer yes no questions, you will be able to get more information to find out what they are trying to communicate to you. This can be incredibly helpful to reduce frustration caused when your child is trying to tell you something but can't be understood.

In linguistics, a yes-no question, formally known as a polar question or a general question is a question whose expected answer is either "yes" or "no". Formally, they present an exclusive disjunction, a pair of alternatives of which only one is acceptable. In English, such questions can be formed in both positive and negative forms (e.g.
