Paulo Freire - Wikipedia
Paulo Freire was an influential philosopher and politician. His ideas on empowering and democratizing education were very far reaching. Freire’s addressed the education system through proposing a methodology (Dialogical Problem-Posing); contrasted with the traditional authoritarian
In their work, Plato and Paulo Freire have offered harsh critiques of education and learning. Plato compares people to prisoners in a cave of darkness in relation to knowledge, and Freire refers
to a “Banking Concept” of education in which teachers put their thoughts and information into students’ minds much like money is deposited into a bank.

EDUCATOR PAULO FREIRE was born
September 19, 1921. He grew up in the Northeast of Brazil where his experiences deeply influenced his life work.

A Brief Biography of Paulo Freire

Paulo Freire was born in 1921 in Recife, Brazil. In 1947 he began work with adult illiterates in North-East Brazil and gradually evolved a method of work with which the word conscientization has been associated. Until 1964 he was Professor of History and Philosophy of
Education in the University of Recife and in the 1960s he was involved with a popular education movement to deal with massive ...

12 Paulo Freire Quotes About Education, Civics, and Pedagogy

Paulo Freire was a Brazilian ideologist whose radical ideas have shaped the
modern concept of and approaches to education. In his essay The 'Banking' Concept of Education, Freire passionately expounds on the mechanical flaw in the current system, and offers an approach that he believes medicates the learning-teaching disorder in the classroom. The flawed conception, Freire explains, is the
oppressive “depositing” of information (hence the term 'banking') by teachers into their students.

Re-Envisioning Paulo Freire's "Banking Concept of Education"
Perhaps the most influential thinker about education in the late twentieth century, Paulo Freire has been
particularly popular with informal educators with his emphasis on dialogue and his concern for the oppressed.

Paulo Freire was a Brazilian educator with some pretty radical ideas about education and its role in creating better
societies. To Freire, education was a revolutionary act. His most famous work is the book *Pedagogy of the Oppressed*. 

Paulo Freire on Education - World Fusion Wisdom
Paulo Freire Paulo Freire’s work has influenced people working in education, community development, community
health and many other fields. Freire developed an approach to education that links the identification of issues to positive action for change and development.

Paulo Freire’s Philosophy on Contemporary Education

Critical pedagogy was founded by the
Brazilian philosopher and educator Paulo Freire, who promoted it through his 1968 book, *Pedagogy of the Oppressed*. It subsequently spread internationally, developing a particularly strong base in the United States, where proponents sought to develop means of using teaching to combat racism, sexism, and capitalism.

Paulo Freire on Education It is not easy or pleasant to take in the ideas of Paulo Freire on education. They are radical and infused with critique of broader society.

Paulo Freire – Freire Institute
An examination of Paulo Freire's educational pedagogy reveals a belief in education as a subversive force, where schools are the agent of change. In Freire's theories of liberatory education, education should open minds to higher stages of consciousness rather than just deposit information for future use, for knowledge emerges only through
